

CompassPlus®

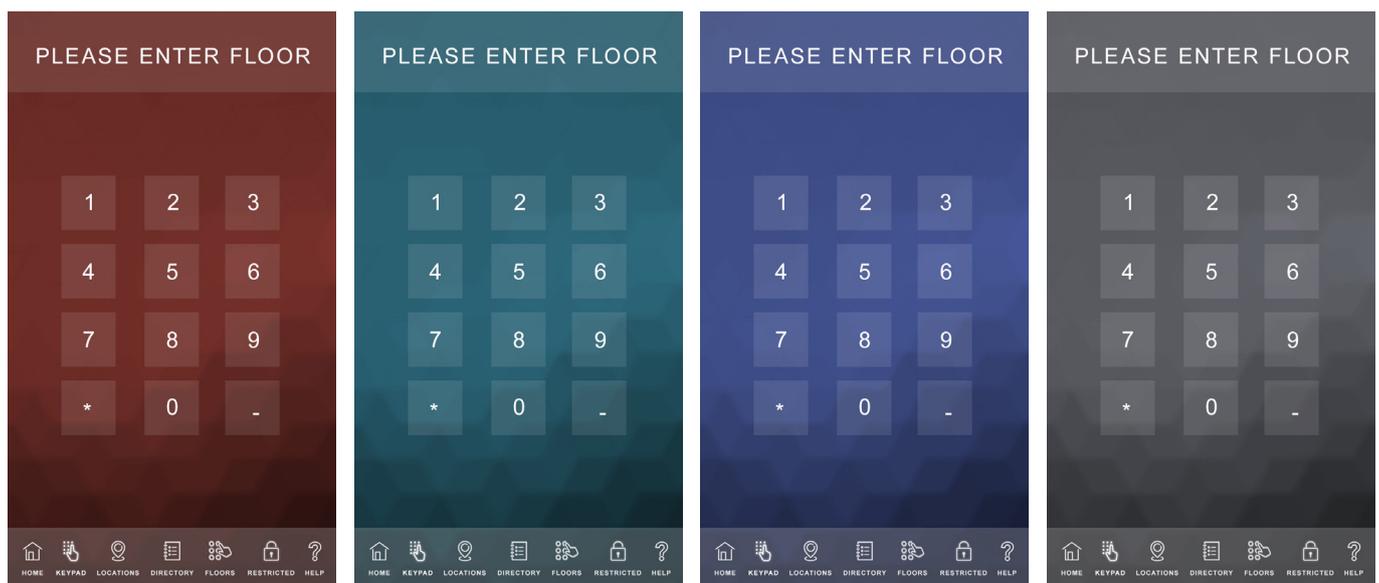

Concierge

New look and feel. Same unlimited customization that you've come to expect from CompassPlus.

Customize

Whether it is a keypad, touchpad or touchscreen, the Concierge template fits perfectly to promote one look and feel throughout your building. Passengers get the same familiar interface.

Browsing the library has never been easier with the Compass Create software tool. Navigate through templates, observe all the screens, make your choice and quickly apply.

CompassPlus®

Create

Brand your building experience with a custom look and feel.

Personalize

Want an even more customized experience beyond what you find in our new Concierge template library? Compass Create allows you to add a personal touch. Add any background image, change fonts and modify fixture screens to enhance the user experience.
