

Advanced Cab Design

FIBER REINFORCED LAMINATE PANELS

Otis' Advanced Cab Design uses fiber reinforced laminate (FRL) wall panels from Panolam® Surface Systems, a leading supplier of laminate surface solutions.

A grouping of woodgrains, solids, stones and metals from Panolam's Pionite and Nevamar laminate products provide design flexibility for a wide range of environments.

Pattern images are representative samples. Color may differ slightly from actual product. Please refer to actual samples.
